The Fulcrum Group Telecom Services

The Fulcrum Group is your partner in both affordable small/medium business IT support and the long-term success of your business.
Our telecom carrier services provide our clients with a "one stop shop" approach to all of your IT and telecom needs.

THE FULCRUM GROUP
One Technology Solution: Yours

The Fulcrum Group Telecom Services Include:

- **DIGIUM SWITCHVOX ON-PREMISE AND CLOUD SERVICE**
  Digium's Switchvox IP PBX is our preferred Unified Communications system that integrates all of your office communications, including phone, fax, chat and web mashups. Switchvox combines the power of many products into one, providing you with more features than proprietary systems that have fewer features - all at a lower price. Let The Fulcrum Group help you decide if On-Premise or Cloud is the best UC Solution for your organization.

- **SPOT MANAGED VOIP SERVICES**
  SPOT Managed VOIP Services is a complete VOIP support/maintenance solution that provides remote and on-site VOIP system support services, allowing you to stay focused on running your business. At a monthly fixed-rate, you get our "All You Can Eat" VOIP support services, ensuring that all of your VOIP system support needs are covered, and you'll know exactly how much it costs each month.

- **TELECOM CARRIER SERVICES**
  The Fulcrum Group is an agent and broker for dozens of telecom carriers, including AT&T, Verizon, Cbeyond, TW Cable, Telepacific, Windstream, Charter, and TW Telecom, among others. Our relationships with multiple carriers means that we can easily obtain multiple proposals for telecom carrier services, all at no charge to you. Our Telecom Carrier Services include:

  - Internet Services (DSL, Cable, T-1, Wireless, and Fiber, with speeds up to 100Mbs)
  - Voice Services (Analog, SIP, and T-1 PRI, local and long distance packages, DIDs, toll free)
  - Integrated Voice/Data Services (voice and Internet over a single connection)
  - Private WAN Services (MPLS, Ethernet VPN, and Point to Point)
  - Cloud Services (co-location, hosting)

- **FREE TELECOM AUDIT**
  Our Free Telecom Audit Service includes a comprehensive assessment of your current telecom expenditures, and provides a summary of both your current expenditures and proposed expenditures. This provides a clear understanding of your potential cost savings.
  Not sure what exactly which services you need? No problem -
