The Fulcrum Group Receives 2018 Digium Pinnacle Partner Award

THE FULCRUM GROUP - Awarded Digium® Pinnacle Partner Award for Outstanding Sales and Service of Switchvox Business Phone Systems and Asterisk Custom Communications

Annual Awards Recognize Top Digium Partners Worldwide Who Deliver Unparalleled VoIP Solutions and Services

March 23, 2018, Fort Worth, Texas – The Fulcrum Group, a leading provider of VoIP business phone systems and a leading provider of VoIP business phone systems and Managed IT solutions, today announced it has been awarded a 2018 Digium Pinnacle Partner award in the Pinnacle Circle of Excellence category. These Pinnacle Partner awards are presented annually to leading Digium partners who have excelled in developing and growing their partnership with Digium and driving customer success for either Switchvox Unified Communications (UC) or Asterisk Custom Communications solutions. The Fulcrum Group is one of the outstanding organizations selected based on 2017 sales and commitment to customer satisfaction.

"Digium has been one of our favorite vendor partners for many years, and our clients love the Digium Switchvox Unified Communications solution," says **David Johnson**, Vice President Sales & Marketing for The Fulcrum Group. "Receiving the Digium Pinnacle Award for the 6th year validates our long-term commitment to Digium as a partner, allowing our clients to be confident in knowing that their Unified Communications solution provided by The Fulcrum Group and Digium is a great choice, for now and into the future."

"Each year, it's an honor to recognize so many of our channel partners who have committed to servicing their customers and growing their businesses with Digium solutions," said Wayne Landt, Director of Worldwide Channel Sales for Digium. "The Pinnacle Awards serve as appreciation for those partner organizations that have helped to expand our worldwide base of customers through the delivery of our affordable, feature-rich Switchvox phone system and custom Asterisk-based communication solutions."

Also, check out our new product agnostic website and blog at <http://spotdfw.com/>, geared to help explain technology to business owners and non-techies.

Digium®, Inc. provides Asterisk® software, telephony hardware, and on-premises and hosted Switchvox business phone systems that deliver enterprise-class Unified Communications (UC) and UC as a Service (UCaaS) solutions at an affordable price. Digium is the creator, primary developer and sponsor of the Asterisk project; the world's most widely used open source communications software. Asterisk turns an ordinary computer into a feature-rich communications server. A community of more than 80,000 developers and users worldwide uses Asterisk to create VoIP communication solutions in more than 170 countries. Since 1999, Digium has empowered developers to create innovative communications solutions based on open standards and open source software, providing an alternative to proprietary phone systems. Digium's business communications products are sold through a worldwide network of reseller partners. More information is available at www.digium.com and www.asterisk.org.
