

Fulcrum Group's Virtual Lunch & Learn Cybersecurity for CEOs

The stakes have never been higher for CEOs when it comes to cybersecurity. Hackers are getting more sophisticated, ransom demands are increasing, insider threats are exploding, and cyber insurance carriers are demanding to know what CEOs are doing about it.

With an aggressive threat landscape, changes in cyber insurance, and competing prioritization of resources, cybersecurity initiatives may often be overlooked – until it is too late. What does every CEO need to know?

Join Fulcrum, USI, and Microsoft on Tuesday, September 28th, 2021 to learn how your business can immediately strengthen your cybersecurity posture. And 3 opportunities to win \$100 Amazon Gift Cards!

Please join us for lunch on us via DoorDash, and our informative discussion on Cybersecurity for CEOs Microsoft Teams virtual meeting!

Our virtual meeting via Microsoft Teams will take place
