

## FOR IMMEDIATE RELEASE

### **Fulcrum Group Introduces SPOT Shield Managed Cybersecurity for SMBs, Compliance and Local Government organizations, and internal IT teams**

*Keller, Texas, April 29, 2024* — Fulcrum Group, a leading provider of comprehensive IT solutions, is proud to announce the launch of **SPOT Shield Managed Cybersecurity for Compliance and Local Government**. This cutting-edge solution addresses the unique cybersecurity needs of SMBs, local government agencies and organizations bound by compliance regulations, as well as organizations with internal IT teams.

### **Why SPOT Shield Managed Cybersecurity?**

Local government agencies face increasingly sophisticated threats, coupled with stringent compliance requirements. Fulcrum Group recognizes these challenges and has developed SPOT Shield Managed Cybersecurity to provide robust protection beyond the basics.

### **Key Features:**

1. **SPOT Shield Multi-Factor Authentication powered by Duo:** Strengthen access controls and safeguard sensitive data.
2. **SPOT Shield Breach Protection Portal:** Detect and respond to security incidents promptly.
3. **SPOT SaaS Discovery powered by Augmentt:** Gain visibility into cloud applications and manage shadow IT.
4. **Keeper Password Manager - Enterprise:** Securely manage and share passwords across your organization.
5. **SPOT Shield Disk Encryption powered by Sophos:** Encrypt data at rest to prevent unauthorized access.
6. **SPOT Shield Email Encryption powered by MailProtector:** Safeguard email communications.
7. **SPOT Shield Compliant Email Archiving powered by MailProtector:** Meet compliance requirements for email retention.
8. **SPOT Protect for Microsoft 365 Backup powered by Datto:** Ensure data resilience and
